

FLEXCLIP

Projemizin 3. haftadaki web 2.0 eğitim aracı olan FlexClip i öğrencilerime tanıttım. Bütün öğrencilerim etkinliğe katıldılar. FlexClip de Bozüyük, Bilecik ' in tanıtımı, ilçe ve ilimizdeki tanınmış kişilerin video ile tanıtımını yapacaklar. Padlete çalışmalarını yükleyecekler.

I introduced FlexClip, the web 2.0 training tool of our project, to my students in the 3rd week. All of my students participated in the event. In FlexClip, Bozüyük, Bilecik will be promoted, and the well-known people in our district and our city will be promoted by video. They will upload works to the pad.

FlexClip Padlet

The image shows a screenshot of the FlexClip editor interface. The main window displays a video player with a graphic of a brown suitcase with the text "Web 2.0 Araç Çantam" written on it. The interface includes a left sidebar with various media options like "Medya ekle", "Metin", "Kaplama", "Element", "Bkground", "Müzik", and "Filtre". A "Medya ekle" menu is open, showing options for "Yerel Medya Ekle", "Stok Medya Ekle", and "Arka Plan Ekle". A Padlet overlay is visible on the right side, showing a list of names: "Kibarîye Filiz", "9/A Öznur Abba...", "Rabia Önder", and "Fatmanur". The browser address bar shows the URL "flexclip.com/editor/app?id=e4fb5267d24bd493cae88ad35c3ff5cf".
